Your conversation with our Health Visiting team will be confidential. You can text us at any time and we aim to reply back to you within one working day. You will receive notification that we received your text. Texts will not be seen outside of normal working hours. If you need help before you hear back from us, contact your midwife, doctor or call 111. Our text number does not receive voice calls or MMS picture messages. We support messaging from UK mobile numbers only (which does not include messages sent from landlines, international mobile numbers and some 'number masking' mobile apps). Prevent the Health Visiting team from sending messages to you by texting STOP to our number. Messages are charged at your usual rate.
